

Divya Deodhar, MD

Currently serving as a Consultant in the Department of Infectious Diseases at Sultan Qaboos University Hospital in Muscat, Sultanate of Oman, Divya Deodhar, MD, brings a wealth of expertise to her role. Dr. Deodhar's academic journey began with an MBBS from Christian Medical College in Ludhiana, Punjab, India, in 1999. Building upon her foundational medical education, she pursued and attained an MD in Internal Medicine from the same institution in 2005.

Dedicated to advancing her specialization, Dr. Deodhar completed a Post-Doctoral Fellowship in Infectious Diseases at Christian Medical College, Vellore, Tamil Nadu, India, in 2012. Further enriching her knowledge base, she obtained a Diploma in Tropical Medicine and Hygiene from the Royal College of Physicians in London, UK, in 2018. Demonstrating her commitment to staying at the forefront of her field, she acquired a Diploma in Travel Health from the University of Liverpool, UK, in 2023.

Dr. Deodhar's professional interests are diverse and impactful, spanning Travel Medicine and Adult Immunization, HIV Medicine, Tropical Diseases, and Infections among transplant recipients. Her recent projects reflect her dedication to research and education, including clinical investigations into Candida and Nocardial infections, the establishment of a common interest group for Tropical infections and travel clinics in Oman, initiation of a Fellowship program in Infectious Diseases at the University Hospital, and implementation of an Antimicrobial Stewardship program.

In the past year, Dr. Deodhar has contributed significantly to the scientific community through her publications, focusing on pertinent topics such as COVID-19 vaccination attitudes among healthcare professionals and effective antimicrobial stewardship strategies during the pandemic.

Dr. Deodhar's multidimensional expertise and commitment to advancing infectious disease management make her a valuable asset to Sultan Qaboos University Hospital and the broader medical community.
